<GABRIEL CLEMENTE>

Valencia, Spain

sendmessage@gabo.email
www.gabo.rocks

Hi, I'm Gabriel, I don't really have a lot of experience, but I'm already able to develop simple websites, both on the front-end and on the back-end, I love learning, but I believe it takes a lot of practice, that's why I'm looking for job that allows me to practice everything I've learned and also learn more. I'm looking for a remote job that allows me firstly, have time to keep studying, learning and developing new skills, and in second place, I'd like my job to be enough profitable for me to live on my own, and pay for my studies. If I get that I'll happily work in the same company for my whole like, in the same company but not in the same position, as I said I want to keep learning new things and that means working in different positions to practice and learn new skills. I love everything related with computers, Web Development, Software Development, Cyber-security, etc... My motto is "If I don't know it, I'll learn it", because it's true that I don't have a lot of experience, I'm not a web developer guru, but, I learn fast, and I love doing it.

EDUCATION

FULL-STACK WEB DEVELOPMENT
Brigham Young University
Jan 2020 - Present

FULL-STACK WEB DEVELOPMENT
The App Brewery/Udemy
Oct 2021 - Dec 2021

JAVASCRIPT FULL-STACK WEB DEVELOPER

VOLUNTEER JOBS

01/2020 - 03/2020
Cabin crew training for Ryanair / Ryanair Crewlink

As part of the training with Ryanair I've learned firefighting techniques, all kinds of first aids, from CPR, to how to treat burns, even how to give birth on the airplane, also I've been trained as a life guard in case of emergency landing on water, or ditching, without forgetting about the training on sales and service and customer care, and synergy and teamwork and the psychological training on how to react in situations under high levels of stress and emergencies.

10/2018 - 10/2019
Personal Dutch and Spanish Teacher

As a personal Language teacher I've been teaching Dutch and Spanish lessons to a variety of different students, adapting always the teachings to their personal needs, in order to help them obtain a real comprehension of the language and helping them acquire techniques that will help them keep learning on their own.

10/2017 - 10/2019
Missionary and official representative of The Church of Jesus Christ of Latter-day Saints

As a representative of The Church of Jesus Christ of Latter-day Saints I have learned to perform tasks such as contacting people in the streets and in their homes looking for prospects who need or want help to strengthen their faith in Jesus Christ, administrative tasks such as processing, saving, and update nformation, both of the people with whom we were already working as people with whom we had already worked and lost contact, such as new people who started working with us, also performing telecommunication tasks by contacting prospects via telephone, as well as the administration of social networks through which it is easier to help, attend, and meet the needs of people. It is also worth highlighting the tasks carried out for community service, maintenance of public and private property and property, repairs, removals, etc ... Something that I have really enjoyed this volunteering is the opportunity to have served in the Netherlands, country International with more foreigners than natives, which has allowed me to gain a better understanding and knowledge of other cultures, such as Brazil, Ghana, Indonesia, El Salvador, United States, among more than 200 countries. This volunteering has also allowed me to carry out leadership and training work for other missionaries or volunteer representatives to help them gain a better understanding of how to work with people to help them, and how to be more efficient in their work.

PROFESSIONAL EXPERIENCE

CUSTOMER SERVICE TECHNICIAN
CMDSHFT, Valencia   Jun 2020 - May 2021

CMDSHFT is a music distribution company, working in customer service I gained experience dealing with customers, assisting them in everything they may need, from uploading music, editing and reformatting the tracks in order to comply with the streaming platforms rules, to designing covers for new hits, or fixing covers from old hits.

PROFESSIONAL INFLUENCER
Self-employed, International   Oct 2019 - Sep 2020

As a professional influencer, I've learned social media marketing, how to manage social media accounts and how to engage with users, followers, and other professionals in other to grow both fans and revenue, Some of the brands and agencies that I've worked with are Chic NYC, Oriental Drift Collective, the Global Influencers Agency, or Koala Models Agency among many others.

ACTOR, SINGER, DANCER
Cor Escénic, Valencia   Oct 2014 - Jun 2015

Cor Escénic is, or was a choir that mixed singing, with acting, with dancing, I was for a year practicing and performing with them. See here the poster of my last performance where my name appears at the bottom.
